Summer Camp XVI

July 30th - August 2nd

For the past 16 years The AKA Summer Camp has been setting the standard for martial arts training camps! The AKA Summer Camp has the most complete martial arts training available. Instruction includes extreme forms, open forms, weapons training, martial arts tricks, traditional forms training, self-defense and other exciting skills training. With Sideswipe Performance Team heading this year's camp, it will prove to be the best camp the AKA has had yet. This year's camp will take place July 30th through August 2nd.

Our Goal

The goal of the AKA Summer Camp is to have each participant leave the camp feeling they have learned something new and had a great time doing it. Throughout the week the campers will have the opportunity to learn new forms (weapons, traditional, extreme, open and musical), work on a huge array of fighting drills and techniques, and be given an insight on how they can use different performance arts to step out of the box and create something all their own. Our world champion instructors will also help campers tailor their forms to meet their full potential. Through the week campers will experience and learn modern conditioning and training drills that will help them reach new levels.
